

SWNIFRA brings the “80th Annual “Monroe” Fire School Aug 8th – 13th of 2016

“Smoke Divers” - SCBA Confidence Course Aug 8th, 9th, & 10th of Aug 8 am till 430 pm -

\$325.00 – 24 students

Nozzle Forward - Wednesday and Thursday (2 day class) is \$160.00 - 45 students

Nozzle Forward “Live Fire” - Friday (have taking the 2 day class to take this class, that includes previous years) \$ 150.00 - 30 students

- **Engine Company Operations** - 50 students \$140.00 *only offered Saturday**
- **Hose Line Advancement- you will be giving tips on how to move and handle the line. Then you will put those tips to use as you practice moving the line more efficiently
- **Live Fire attack- Crews of 2 will make the stretch and attack the fire all while reading the smoke/fire conditions
- **Basement Fires- Crews will advance down the steps into a “basement” for fire attack
- **Car Fires- You will be instructed on the best ways to attack vehicle fires and hidden dangers that come with them
- **Truck Company Operations without the Truck** - 50 students \$140.00 *offered Friday & Saturday***
- **Forcible Entry under fire –You will be instructed on interior forcible entry operations under live fire conditions. You will then practice forcing the doors
- **Ladder work –You will practice placing ladders and then learn a few quick tips before moving to doing a Vent Enter Search evolution
- **Roof Ventilation –You will watch as they show how to vent the roof and then you will get your turn cutting with the saws to open the roof up
- **Search Tactics –As part of a truck/engine company you will be reviewing the basics of orientated search and searching with the TIC. Then your crew will search with lessons learned under live fire

- **Rapid Intervention Training** - 30 students 2 day class starting Friday** \$125.00
- **The need for firefighters as well as Rapid Intervention Companies is now & should be a priority for every fire ground situation. The numerous risks faced in today’s fire service dictate that well trained & skilled firefighters be available to respond & perform the unthinkable in rescuing one of their own. This 2-day hand’s on program provides some of the most intensive disciplines in firefighter rescue & survival. Participants will receive & be able to take back with them the solid basics as well as the most advanced up to date techniques & maneuvers in rapid intervention for the dynamic fire ground.
- **Farm Operations** - 50 students \$100.00 *offered Friday & Saturday***
- **Grain Bin – You will learn the main cause of grain engulfment’s as well as how to rescue a victim from a partial or full entrapment. You will participate in evolutions to remove a trapped victim
- **Tractor Rollover – You will watch and learn tips on how to best stabilize a tractor that has rolled over and then practice with your crew to remove a victim trapped by a tractor
- **Farm Extraction – During this evolution you will see a few of the most common ways victims become trapped and how to help remove them from there entrapment
- **Cadet/Explorer & Probie Ops** – 40 students \$50.00 *offered Fri & Sat*
- Offered to junior 16 yrs old up and newer members of the fire service. In this class students will work and learn about ladders, hose lines, SCBA, and other tools. **If you successfully work your way through this class you will be able to take Engine Ops on Saturday with the Instructor/advisers approval.**
- **Lecture Track** – one fee for all Fri & Sat lectures \$75.00
